June 2020
Greetings to you and your families in this year of St. Joseph, the Worker,
We start by offering a robust "Thank You!" to all who completed the 2019/20 Parish Salary Survey. The parish salary survey includes data from a record number of parishes - 99 of our 156 - within the Diocese of Green Bay! It is you who have helped to cultivate the data within this document and, to you, we say thank you!

The goal of this document is to help all parishes in the Diocese of Green Bay discern fair wages to the positions within your employ. Remembering that, "a just wage is the legitimate fruit of work." CCC 2434 it is our obligation as employers to act justly, fairly and equitably in how we compensate those who work here.

The data within this document reflects information collected in the spring of 2020. The data is presented via four "population categories" so that our information can be compared to other dioceses and national groups using similar criteria, called "contributing units" (a household in a parish that contributes $\$ 100.00$ or more annually). The categories of contributing units represented within this document include: less than 250, 250-499, 500-999, and over 1000 contributing units. Not included in this document is salary information for principals and teachers, as this information is available by contacting the Diocesan Office of Catholic Schools.

The National Association of Church Personnel Administrators (NACPA) information from the 2011 Wage \& Salary Survey of Catholic Parishes has been omitted, as the information is too outdated to be useful and has not been updated by the organization.

Thank you again for your contribution to your community and your parish. Please don't hesitate to contact us if you have any questions about the salary survey. It is our pleasure to serve you as you serve your community.

May God bless and be with you and your community,
